SCC Business

- November Minutes
 - Kurt motioned to approve minutes
 - Alecia seconded
 - November minutes approved
- The teacher microphone for the gym and cafeteria was installed and cost \$607 instead of the \$1100 expected

SNAP Review

- We have several sidewalks that are hazardous for students
- The hazardous at the northeast school boundary are officially a bus route for next year.
- Viscounte is a little hazardous with a steep hill and a blind corner. Next year we could look at ways to make this safer.
- Snap plan summary:
 - Students should always use walking routes and stay on sidewalks whenever possible.
 - Student groups should not walk in the street or near the street.
 - When sidewalks are not available, students should walk against traffic and out of the road.
 - Students to the north of the school should walk along Siesta, not Creek Rd.
 - Forest Creek, Forest Bend, and Regal Stream are all hazardous routes. There will be a bus stop at the LDS church in that community.
 - Parking lot lights are burnt out and need to be replaced for evening activities.
 - No changes to roads or neighborhoods have been made that will affect our walking routes next year.
- Cyndi motioned to approve the SNAP Plan,
- Alecia seconded the motion
- The plan was approved.

The rest of the agenda is tabled for next month.
