About \$22k available in the cell tower budget
- Review Grant Requests
Table the vote on Ipad's for STEM, kinder thinks they may be able to share the kinder ipad cart. Kierstin is looking into whether or not she can spend supply money to purchase the kinder grant. Michelle made a motion to to approve the first grade grant and half of the second grade grant, reserve about \$1K for a still coming fourth grade grant. Travis seconded the motion, all in favor, motion passed.
- Review mid-year Reading and Math data
Feed back on Vision for Improvement....more cohesion, safe place (physically and educationally), student artwork, feel creativity, an incentive to work hard, different working/learning group, support staff engaging positively and respectfully with students (especially the janitorial staff, particularly during lunch-multiple parents mentioned that they hear about it), each students academic, social, emotional needs met, enjoy and fun in learning (interdisciplinary connections), landscaping, kids being

physically active and maximizing the outdoor space (loved when the kids took a 10-15 minute walk around the field)
Teachers feel that extreme behaviors interfere with meeting learning goals, we have a lot of new teachers that need to learn the CSD way, scheduling creates challenges, new math and ELA curriculum.

- Continue discussion of CSIP focus for next year
- *Update on the kinder aide- changes to the SPED department resulted in additional aide hours, so SPED is paying for the aide.
- *Board voted to continue Supp kinder for the 2017-2018 school year.
- *Update on the gym sound system. District will update the system, hopefully near future.
- *Kierstin proposes a possible second meeting during March to work on CSIP before the March 30th deadline. Plan on 6-7:30 on the 9th, reserve the possibility to schedule an additional meeting that month.
